

IN HER OWN WORDS: LETTERS AND E-MAILS

“Awesome program.”

I wish I lived closer so I could volunteer.

I left my abuser in May 2013 after 22 years of marriage and had the worst experience possible at the Union County Women's Battered Shelter. To this day, I still can't believe how I was treated. You are living my dream of what I would love to do here in this county to really help and bring hope to women of abuse and how messed up our county is.

It breaks my heart every day.

Many blessings to all of you.
